AMENDMENT UNDER 37 C.F.R. §1.111

Sir:

In response to the Office Action dated June 3, 2002, please amend the above-identified application as follows:

IN THE SPECIFICATION:

The paragraph beginning at line 25 on page 3 has been revised as follows:

B1
In the prior art, since many keys have more than one function allocated, it is difficult to discriminate which action is allocated to which key among a plurality of keys, and thus the operation is difficult to understand. In the prior art, since the contents shown on the display is switched depending on the function in service, it is difficult to display information from a plurality of systems clearly because the state of audio is not known while the car navigator screen or the TV screen is being displayed.

The paragraph beginning at line 12 on page 16 has been revised as follows:

B2
cont
In other words, since the journal for upside down rotation J formed integrally with the
